

COMMERCE SYNC FOR GoDaddy™

YOUR AUTOMATED BOOKKEEPER

FAQ'S

Can you transfer GoDaddy sales that happened prior to sign up?

Yes - and at no additional cost to you. Click here to get started with your historical transfer, which should be completed within 3 business days.

Which accounting solutions are currently supported?

QuickBooks Desktop (Pro, Premier, Enterprise and Accountant), QuickBooks Online (Simple Start, Essentials, Plus), and Xero (all versions).

Is there a contract for signing up with Commerce Sync?

Nope! We are contract free, so you can feel free to come and go as your business needs. Great feature for seasonal businesses that don't need processing year round.

ABOUT COMMERCE SYNC

Commerce Sync is a financial software company, that aims to make bookkeeping easier for business owners and accountants alike. We take the tedious and time consuming task of sale transfer, and automate it! Every night, so we don't disrupt even the latest operating time of businesses, we take all the sales made for the day and transfer them to the accounting software of choice.
